A New Reference Grammar of Modern Spanish - John Butt 2012-12-06
(abridged and revised) This reference grammar offers intermediate and advanced students a reasonably comprehensive guide to the morphology and syntax of educated speech and plain prose in Spain and Latin America at the end of the twentieth century. Spanish is the main, usually the sole official language of twenty-one countries,} and it is set fair to overtake English by the year 2000 in numbers 2 of native speakers. This vast geographical and political diversity ensures that Spanish is a good deal less unified than French, German or even English, the latter more or less internationally standardized according to either American or British norms. Until the 1960s, the criteria of internationally correct Spanish were dictated by the Real Academia Espanola, but the prestige of this institution has now sunk so low that its most solemn decrees are hardly taken seriously - witness the fate of the spelling reforms
listed in the Nuevas normas de prosodia y ortografía, which were supposed to come into force in all Spanish-speaking countries in 1959 and, nearly forty years later, are still selectively ignored by publishers and literate persons everywhere. The fact is that in Spanish 'correctness' is nowadays decided, as it is in all living languages, by the consensus of native speakers; but consensus about linguistic usage is obviously difficult to achieve between more than twenty independent, widely scattered and sometimes mutually hostile countries. Peninsular Spanish is itself in flux.

Age of discrepancies - Olivier Debroise 2006

"The first exhibition to offer a critical assessment of the artistic experimentation that took place in Mexico during the last three decades of the twentieth century. The exhibition carefully analyzes the origins and emergence of techniques, strategies, and modes of operation at a particularly significant moment of Mexican history, beginning with the 1968 Student Movement, until the Zapatista upraising in the State of Chiapas. The show includes work by a wide range of artists, including Francis Alys, Vicente Rojo, Jimmie Durham, Helen Escobedo, Julio Galán, Felipe Ehrenberg, José Bedía, Guillermo Gómez-Peña, Francisco Toledo, Carlos Amorales, Melanie Smith, and Alejandro Jodorowsky, among many others. The edition is illustrated with 612 full-color plates of the art produced during these last three decades of the twentieth century reflect the social, political and technical developments in Mexico and ranged from painting and photography to poster design, installation, performance, experimental theatre, super-8 cinema, video, music, poetry and popular culture like the films and ephemeral actions of 'Panic' by Alejandro Jodorowsky, Pedro Friedeberg's pop art, the conceptual art, infrarrealists and urban independent photography, artists books, the development of contemporary political photography, the participation of Mexican artists in Fluxus in the seventies and the contribution of Ulises Carrión to the international artist book movement and popular rock music, the pictorial battles of the eighties and the emergence of a variant of neo-conceptual art in 1990. The exhibition is curated by Olivier Debroise, Pilar García de Germenos, Cuauhtémoc Medina, Álvaro Vázquez Mantecón"--Provided by vendor.

Comunicación e insurgencia - Francisco Sierra Caballero 1997

The Initials of the Earth - Jesús Díaz 2006-10-10

Considered by many the quintessential novel of the Cuban Revolution, this is the first book by the Cuban writer and filmmaker Jesús Díaz (1941–2002) to appear in English.

Tesoros del registro civil - 2010
Any on-screen schmuck can take down a wolfman with a silver bullet. It takes a certain kind of hero to hoist that wolfman overhead into an airplane spin, follow with a body slam, drop an atomic elbow across his mangy neck, leg-lock him until he howls, and pin his furry back to the mat for a three-count. It takes a Mexican masked wrestler. Add a few half-naked vampire women, Aztec mummies, mad scientists, evil midgets from space, and a goateed Frankenstein monster, and you have just some of the elements of Mexican masked wrestler and monster movies, certainly among the most bizarre, surreal and imaginative films ever produced. This filmography features some of the oddest cinematic showdowns ever concocted—Mexican masked wrestlers battling monsters, evil geniuses and other ne’er-do-wells, be it in caves, cobwebbed castles or in the ring. From the 1950s to the 1970s, these movies were staples of Mexican cinema, combining action, horror, sex, science fiction and comedy into a bizarre amalgam aimed to please the whole family. Chapters examine the roots of the phenomenon, including the hugely popular masked wrestling scene and the classic Universal horror films from which Mexican filmmakers stole without compunction. Subsequent chapters focus on El Santo, Blue Demon, and Mil Mascaras, the three most prominent masked wrestlers; wrestling women; other less prominent masked wrestlers; and the insane mish-mash of monsters pitted against the heroes. Each chapter includes background information and a full filmography, and a wide assortment of striking illustrations—posters, lobby cards and other graphic material, some better than the movies they advertised—accompany the text.

Humorous Texts - Salvatore Attardo 2001-01-01
This book presents a theory of long humorous texts based on a revision and an upgrade of the General Theory of Verbal Humour (GTVH), a decade after its first proposal. The theory is informed by current research in psycholinguistics and cognitive science. It is predicated on the fact that there are humorous mechanisms in long texts that have no counterpart in jokes. The book includes a number of case studies, among them Oscar Wilde's Lord Arthur Savile's Crime and Allais' story Han Rybeck. A ground-breaking discussion of the quantitative distribution of humor in select texts is presented.

Grieving - Cristina Rivera Garza 2020-10-06
Finalist for the 2020 National Book Critics’ Circle Award for Criticism By one of Mexico's greatest contemporary writers, this investigation into state violence and mourning gives voice to the political experience of collective pain. Grieving is a hybrid collection of short crónicas, journalism, and personal essays on systemic violence in contemporary Mexico and along the US-Mexico border. Drawing together literary theory and historical analysis, she outlines how neoliberalism, corruption, and drug trafficking—culminating in the misnamed “war on drugs”—has shaped her country. Working from and against this political context, Cristina Rivera Garza posits that collective grief is an act of resistance against state violence, and that writing is a powerful mode of seeking social justice and embodying resilience. She states: “As we write, as we work with language—the humblest and most powerful force available to us—we activate the potential of words, phrases, sentences. Writing as we grieve, grieving as we write: a practice able to create refuge from the open. Writing with others. Grieving like someone who takes refuge from the open. Grieving, which is always a radically different mode of writing.” “A lucid, poignant collection of essays and poetry. . . . deeply hopeful, ultimately love letters to writing itself, and to the power of language to overcome the silence that impunity imposes.” —New York Times Book Review "For all the losses tallied, the pieces are imbued with optimism and an activist’s passion for reshaping the world." —The New Yorker

Elitelore - James Wallace Wilkie 1973

His Name was Death - Rafael Bernal 2021-11-02
Never before in English, this legendary precursor to eco-fiction turns the coming insect apocalypse on its head A Wall Street Journal Best Science Fiction Book of 2021 A bitter drunk forsakes civilization and takes to the Mexican jungle, trapping animals, selling their pelts to buy liquor for colossal benders, and slowly rotting away in his fetid hut. His neighbors, a clan of the Lacodón tribe of Chiapas, however, see something more in him than he does himself (dubbing him Wise Owl): when he falls deathly ill, a shaman named Black Ant saves his life—and, almost by chance, in driving out his fever, she exorcises the demon of alcoholism as well. Slowly recovering, weak in his hammock, our antihero discovers a curious thing about the mosquitoes’ buzzing, “which to human ears seemed so irritating and pointless.” Perhaps, in fact, it
constituted a language he might learn—and with the help of a flute and a homemade dictionary—even speak. Slowly, he masters Mosquil, with astonishing consequences... Will he harness the mosquitoes’ global might? And will his new powers enable him to take over the world that’s rejected him? A book far ahead of its time, His Name Was Death looks down the double-barreled shotgun of ecological disaster and colonial exploitation—and cackles a graveyard laugh. Narcoland - Anabel Hernandez 2013-09-10

The product of five years’ investigative reporting, the subject of intense national controversy, and the source of death threats that forced the National Human Rights Commission to assign two full-time bodyguards to its author, Anabel Hernández, Narcoland has been a publishing and political sensation in Mexico. The definitive history of the drug cartels, Narcoland takes readers to the front lines of the “war on drugs,” which has so far cost more than 60,000 lives in just six years. Hernández explains in riveting detail how Mexico became a base for the mega-cartels of Latin America and one of the most violent places on the planet. At every turn, Hernández names names – not just the narcos, but also the politicians, functionaries, judges and entrepreneurs who have collaborated with them. In doing so, she reveals the mind-boggling depth of corruption in Mexico’s government and business elite. Hernández became a journalist after her father was kidnapped and killed and the police refused to investigate without a bribe. She gained national prominence in 2001 with her exposure of excess and misconduct at the presidential palace, and previous books have focused on criminality at the summit of power, under presidents Vicente Fox and Felipe Calderón. In awarding Hernández the 2012 Golden Pen of Freedom, the World Association of Newspapers and News Publishers noted, “Mexico has become one of the most dangerous countries in the world for journalists, with violence and impunity remaining major challenges in terms of press freedom. In making this award, we recognize the strong stance Ms. Hernández has taken, at great personal risk, against drug cartels.”

Citizens of Scandal - Vanessa Freije 2020-10-16

In Citizens of Scandal, Vanessa Freije explores the causes and consequences of political scandals in Mexico from the 1960s through the 1980s. Tracing the process by which Mexico City reporters denounced official wrongdoing, she shows that by the 1980s political scandals were a common feature of the national media diet. News stories of state embezzlement, torture, police violence, and electoral fraud provided collective opportunities to voice dissent and offered an important, though unpredictable and inequitable, mechanism for political representation. The publicity of wrongdoing also disrupted top-down attempts by the ruling Partido Revolucionario Institucional to manage public discourse, exposing divisions within the party and forcing government officials to grapple with popular discontent. While critical reporters denounced corruption, they also withheld many secrets from public discussion, sometimes out of concern for their safety. Freije highlights the tensions—between free speech and censorship, representation and exclusion, and transparency and secrecy—that defined the Mexican public sphere in the late twentieth century.

Topodrilo - 1993

Journalism, Satire, and Censorship in Mexico - Paul Gillingham 2018-12-15
Since the 2000 elections toppled the PRI, over 150 Mexican journalists have been murdered. Failed assassinations and threats have silenced thousands more. Such high levels of violence and corruption question one of the fundamental assumptions of modern societies, that democracy and press freedom are inextricably intertwined. In this collection historians, media experts, political scientists, cartoonists, and journalists reconsider censorship, state-press relations, news coverage, and readership to retell the history of Mexico’s press.

How to Succeed at Globalization - Rafael Barajas 2004-07
"[T]akes us from the dawn of capitalism to the age of global conglomerates, showing how the world economy developed and how it functions today ... teaching us not how to become rich but rather why so many remain poor."--Back cover.

Punto - 1995

De Salinas a Fox - Miguel Angel Gallo 2003

The Eagle's Throne - Carlos Fuentes 2007-12-18
Here is a true literary event—the long-awaited new novel by Carlos Fuentes, one of the world’s great writers. By turns a tragedy and a farce, an acidic black comedy and an indictment of modern politics, The Eagle's Throne is a seriously entertaining and perceptive story of international intrigue, sexual deception, naked ambition, and treacherous betrayal. In the near future, at a meeting of the United Nations Security Council, Mexico’s idealistic president has dared to vote against the U.S. occupation of Colombia and Washington’s refusal to pay OPEC prices for oil. Retaliation is swift. Concocting a “glitch” in a Florida satellite, America’s president cuts Mexico’s communications systems—no phones, faxes, or e-mails—and plunges the country into an administrative nightmare of colossal proportions. Now, despite the motto that “a Mexican politician never puts anything in writing,” people have no choice but to communicate through letters, which Fuentes crafts with a keen understanding of man’s motives and desires. As the blizzard of activity grows more and more complex, political adversaries come out to prey. The ineffectual president, his scheming cabinet secretary, a thuggish and ruthless police chief, and an unscrupulous, sensual kingmaker are just a few of the fascinating characters maneuvering and jockeying for position to achieve the power they all so desperately crave.
